We respect the voices of Albertans and the outcome of the referendum. We recognize that Albertans hold a variety of perspectives, and it is important that all voices are heard and respected. We stand with the Alberta Chambers of Commerce (ACC) in emphasizing that our focus must remain on economic stability, business confidence, and creating opportunities for Alberta businesses to grow and succeed.

Moving forward, we encourage both the federal and provincial governments to work collaboratively to address the concerns raised by Albertans, strengthen interprovincial trade, support investment, and provide the stability and certainty our business community needs.

Our priority must be finding common ground and turning conversations into meaningful progress that benefits businesses, workers, and communities across our province.

Regardless of how Albertans voted, we all share a common goal: a strong, prosperous Alberta with a bright future for our businesses, families, and communities.

The path forward requires collaboration, thoughtful leadership, and a shared commitment to Alberta's success.
